

Customers must select a consultant or contractor from the lists below for the design and installation of underground electric facilities within FortisAlberta's service area. The following consultants and contractors on the lists below have met certain FortisAlberta criteria relating to the design and installation of underground electric facilities, specifically for projects that fall under UEDS (Underground Electric Distribution System) and the Precast Base process. This list is provided for information purposes only. Users of this information are doing so at their own risk. FortisAlberta does not endorse the services or products of any specific consultant or contractor included in the lists below. FortisAlberta will not be held liable for any loss or damage in connection with the use of these consultants or contractors.

For those consultants or contractors that are interested in registering as consultants or contractors for the design and installation of underground electric facilities within FortisAlberta's service area, please email Contracts@fortisalberta.com for more information.
