List of Exemptions to the Code

FortisAlberta's Compliance Plan includes an educational requirement.

Section 7.2 of the Compliance Plan states:

FortisAlberta will communicate the contents of the Code and the Compliance Plan, and any modifications to it from time to time, to each of its directors, officers, employees, consultants, contractors, agents and Affiliates, and make the Code and Compliance Plan available on FortisAlberta's website.

On July 12, 2018, the Commission approved FortisAlberta's proposal in Decision 23089-D01-2018, which removes the previous Exemption Threshold (Decision 2006-012), in lieu of a continued undertaking on behalf of FortisAlberta to restrict oversight of inter-affiliate transactions to those staff members already trained in Code compliance and preserve the annual reporting requirement.

In Decision 23089-D01-2018, the Commission approved the approach provided that FortisAlberta complies with the following conditions:

- (a) FortisAlberta is to develop formal criteria to guide the executives in charge of each area when they are required to determine which employees have a "meaningful involvement" in inter-affiliate transactions and need training under Section 7.2 of the inter-affiliate code of conduct and inter-affiliate code of conduct compliance plan.
- (b) FortisAlberta is required to include the number of employees and contractors who have received training under Section 7.2 of the compliance plan, in its Inter-Affiliate Code of Conduct annual report.
- (c) If FortisAlberta acquires or creates an Alberta affiliate, it must immediately apply to the Commission for a review of its conditional exemption from Section 7.2 of the compliance plan, at which point the Commission will decide whether FortisAlberta may continue to benefit from the exemption. Similarly, if there are any changes to FortisAlberta that could materially affect the nature of inter-affiliate transactions FortisAlberta must immediately apply to the Commission for review of its conditional exemption.

This conditional approval is in force until the end of the current PBR term in 2022. At the time of any future rebasing or should any reopener provision be triggered under the current PBR plan, the Commission will consider all contributing factors, including inter-affiliate costs.
