

Land Use Declaration

FortisAlberta provides electric distribution service to our customers in accordance with a tariff that is approved by the Alberta Utilities Commission. This tariff includes a number of different rates that we are required to apply depending on either the kind of activity that happens at a location or, in the case of commercial or industrial locations, the maximum power requirements identified by our customer.

The purpose of this declaration is to provide us with information regarding the kinds of activities that happen (or will happen) at your location so that we can ensure that you will be placed on the appropriate rate. Please note that if this declaration is as a result of a request for reassignment to a different rate, there may be financial impacts beyond changes to your monthly bill.

If you have any questions regarding this declaration or the potential impacts of a rate reassignment, please contact us at sitemanagement@fortisalberta.com.

Please provide the information requested below, complete your declaration by signing it in the presence of a witness, and return the signed declaration to sitemanagement@fortisalberta.com or by fax or mail at the number and address above. Please note that this declaration must be signed by the registered owner of the location.

Please circle either “Yes” or “No” beside the statements below to indicate what best describes your situation.
